

Witness 69

*An arrival is a beginning,
also the start of things as yet unknown,
the advent of understanding
between yourself and your world.*

*It is a time of searching, a moment of
truth to be encountered.*

*It is a friendship given, an understanding
made, a reaching out in sacrifice.*

And it is above all else the joyous

EXPERIENCE

*that we are not alone in this
beginning but are forever in a
community of prophets.*

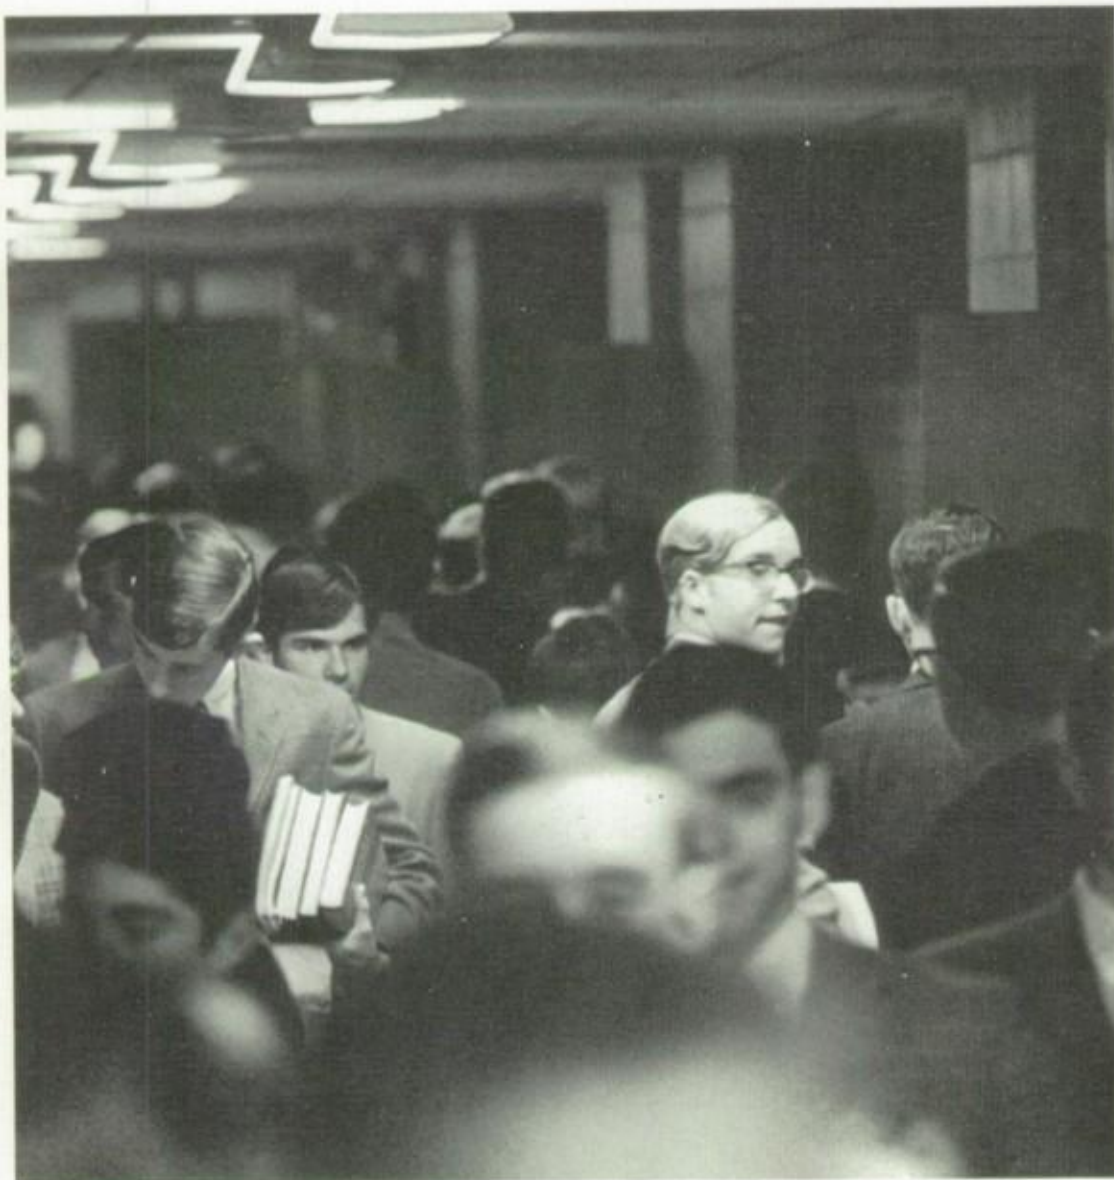

THE WITNESS 1969

UNION CATHOLIC BOYS HIGH SCHOOL
SCOTCH PLAINS, NEW JERSEY

CONDUCTED BY THE MARIST BROTHERS OF THE SCHOOLS

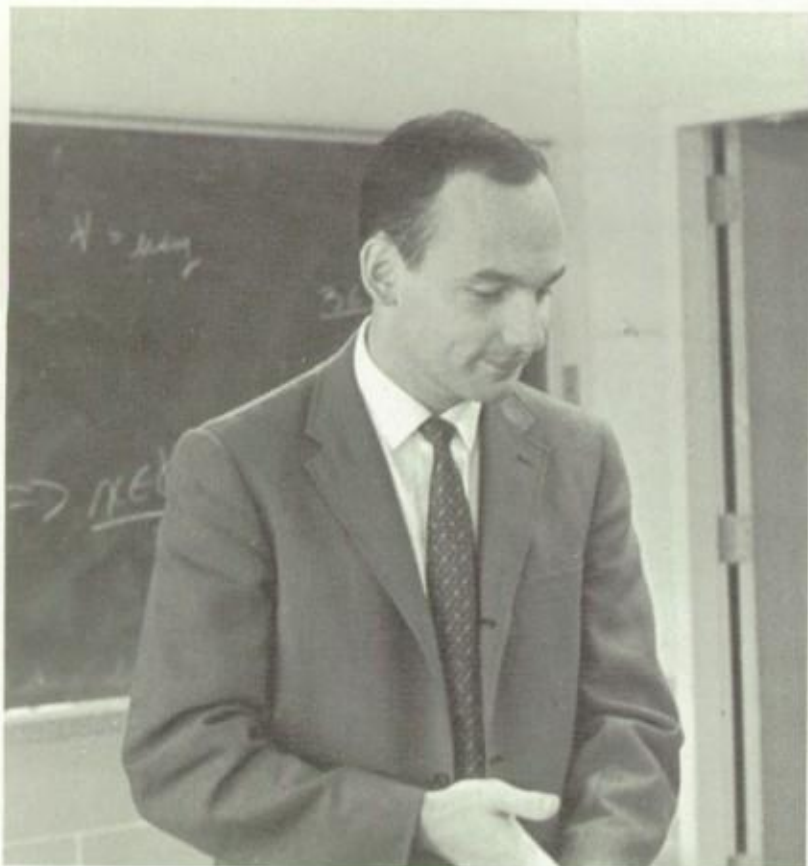

*Through clouded windows
rush the green of pines and beyond
a building long, swiftly passing
in a myriad of blue*

*And I'm taken in through bright halls
of shouts and clanging lockers and people rushing
to a new day, a new experience*

*I step out onto its pavement
and face the entryway of this world
to which I belong
in an easy way
but not yet in the fullness of understanding*

*And my mind wanders to a friend in trouble
as the murmur of Salinger continues in the background
"There isn't one who is not as much my brother"
and for a moment I am him*

*We sit around the table
friends; kidding each other
and the laughter becomes a part of me.*

*And we're discussing
 listening to ideas, taking,
 giving to one another until from a
 million thoughts come one idea*

*And tonight,
 surrounded by a hundred voices
 blended into a single spirit
 I realize how much we are one*

*Each of us in his giving
a part of the other
creating within, a community
of friendship and, even, love.*

*And I think of Mr. Kinlaw
of how much a part of school life he was
of what he gave to us all
and I realize now the sorrow felt in his death
in our deaths to this man*

*and the life that has been born within us
because of him.*

*and I'm sure that I understand at last
the meaning of this experience.*

WE ARE ONE

BROTHER VINCENT DAMIAN, F.M.S.
Principal

This past year the progressive trends which have been introduced into our scholastic system can be found to originate with the administration, headed by Brother Vincent Damian. The object of the administration has been to instill in the student a mature sense of responsibility, which will facilitate the realization of his ideals.

This objective is beginning to be realized with the advent of new freedoms which, however, encompass new responsibilities. These freedoms can be seen embodied in the increased powers granted the student council, the offering of new independent study opportunities to the student, and seminars which involve a more casual rapport between the students and the faculty and provide multifold prospectives to the basic learning process. These opportunities extended to the student, which originate from a liberal and understanding administration, have done much to foster a more mature and constructive scholastic atmosphere.

ENGLISH

English attempts to reach out to the student to communicate an appreciation and understanding of human emotions, opinions, beliefs, and ideals; to witness to the total human experience, no matter where it is found.

This communication is most often accomplished through surrounding the student with a wide selection of the written and spoken word, and, through an opening of minds, drawing from the student his attitudes and ideas to show the unity and variety of life. In short, English should present to the student the challenge of the richness of everyday human activity.

In the formation of the educated person, communication is essential. The Department of Foreign Languages attempts to widen the scope of the process of communication. Through the study of languages it is hoped that the student will come to a realization of others, their needs, their goals and their aspirations.

MATHEMATICS

The mathematics curriculum is designed to fulfill a threefold purpose. In its most general sense it is intended to acquaint students with a method of logical reasoning. More particularly it enables the student to acquire the skills necessary to continue his education in mathematics and the sciences. Finally, for those interested in the field, the curriculum provides a more advanced course.

In seeking to accomplish these ends at Union Catholic we offer two modern mathematics programs. One is the traditional modern mathematics high school program. The second is the S.M.S.G. program which is designed to enable the student to learn more mathematics on his own.

PHYSICAL EDUCATION

Physical Education is designed to complement the academic aspects of student life. It attempts to achieve the total development of every individual through a varied program of athletic activities. This provides the student with a constructive outlet for his tensions while stimulating a competitive spirit.

These phases of fulfillment are diverse; the rhythm of fencing, the co-ordination of apparatus, and the strength of wrestling are combined to create the individual's awareness of his physical abilities. Improvement is measured by self-evaluation, rather than by public demonstration.

The religion program at Union Catholic has as its goal to employ the religion curriculum to lead the student to a greater awareness of self and others, which is a basis for an awareness of God. The goal in short is to contribute to the development of a complete human being. Whatever leads to an intensification of this growing self-awareness and of this growing concern for others is judged to be suitable for inclusion within the religion curriculum. Our goal lies in the future when the young man will make a mature commitment to christianity. The relationships that exist between the administration, faculty, and students teach in a most effective manner what this commitment is. Therefore the religion department is concerned that the entire school day be marked by a communal spirit and respect for both student and faculty.

SCIENCE

BROTHER RAOUL MOLNAR, F.M.S.
Earth Science, Physiology, Religion, Science Club

Science education at Union Catholic seeks to provide a broad based body of knowledge which will effectively provide both a foundation for college level scientific investigation, for the science oriented person, and, where science study is terminal, to produce a scientific literate citizen.

The keystone of this endeavor is in the fostering of the inquisitive spirit in the student. To gain the necessary insight the student must be provided with the philosophical, physical, and intellectual tools to pursue his curiosity. With this in mind, we aim to provide the student with direction in the scientific method, the proper manipulation of apparatus, and the factual background to come to valid scientific conclusions.

SOCIAL STUDIES

The objective of the Social Studies Department is to instill in the student a critical method of questioning the basic concepts of modern Western society and the consequences that these fundamental ideas have led mankind to in the history of the last three centuries. Moreover, by creating in the classroom an atmosphere of free, creative discussion it is hoped that the student will be encouraged to develop, himself, the attitudes that are needed, the values that are meaningful and again the basic knowledge that is necessary to become a responsible, independent citizen in today's world.

STUDENT COUNCIL

EXECUTIVE BOARD: James Hydock—Junior Advisor, David Nutt—Junior Advisor, James Booth—Treasurer, Jack Tarantin—President, James Hughes—Vice-President, Joseph DiProspero—Secretary, and Br. Joseph McMorrow—Moderator.

A mark of accomplishment and a dream turned into reality best describes achievements of this year's Student Council. This representative organization embodied itself into the structure of Union Catholic's school community striving to improve the communication between the students and the administration. Jack Tarantin, with the aid of his executive board, organized numerous committees and programs which added greatly to the development of Union Catholic's curriculum, sports

program, and other activities. These programs included the Oval Team, the Exchange Program, and student-oriented committees designed to outline the role of the student in the life of the school. Jack Tarantin must be commended for his job of motivating the Student Council and bringing it closer to the students. Brother Joseph and Mr. Goddard, the student council moderators, are to be thanked for their patient guidance of the executive board and of the general council.

THE WITNESS

1969 marked a year of change for the Witness. Setting out in new directions, the editors and staff with the confidence of Brother William, attempted to create a theme associated with the school spirit. It meant more writing, more candids and more imagination. It also meant more headaches. But with everyone working together the new yearbook at last became a reality. In the process, our theme of community became, within all those who worked on the book, a living and tangible reality.

EDITORIAL BOARD: Brother William—Moderator, Richard Wright—Associate Editor and Business Manager, Robert Elliott—Associate Editor, and Robert Bresky—Editor-in-Chief.

"But Mr. Editor our deadline is tomorrow."

THE TERRIER

The Terrier has set out in new directions to encompass contemporary relevant issues, and in the process shaking off some of the restraining bonds faced most often by high school journalists. Commendations have come from a number of sources for its tasteful treatment of touchy but pressing issues. Editorials concerning the role of the administration, the future of religious education, and the coming changes in U.C.'s curriculum have been read and acknowledged as important discussions. Gaining such freedom and enlarging the paper's sphere of action have been this year's goals. Their success means the opening of an even bigger future for the Terrier.

VARSITY CLUB

Executive Board: Bill Madden—Secretary, John Wyrrough—President, Gene Kutcher—Vice-President and John Schafer—Treasurer.

The Varsity Club reached its largest membership in 1968-69. It is a club with a twofold purpose at Union Catholic. The first is to honor athletes who have achieved a little more than the average sport participant. Each member must have two varsity letters while maintaining a 75% average. The second purpose of the

Varsity Club is to provide the school with services related to the athletic activity of the school. During the year, the club offered its services to the Athletic Director and Student Council who co-operated with them for the benefit of the school.

Front Row: Greg Sumer, Joe Marcino. Second Row: John Wyrrough, William Sieben, Jim Walsh, Lawrence Chonko, Paul Dillon, John Schafer. Third Row: Paul Eckhardt, Al Huelsenbeck, Dennis Browne, Jim Mariucci, George DeLuca, Tom Gere. Fourth Row: Pete Piersa, Bill Madden, Frank Dwyer, Kevin Quinn, Rich Maggi, Mike Allocco, Gene Kutcher.

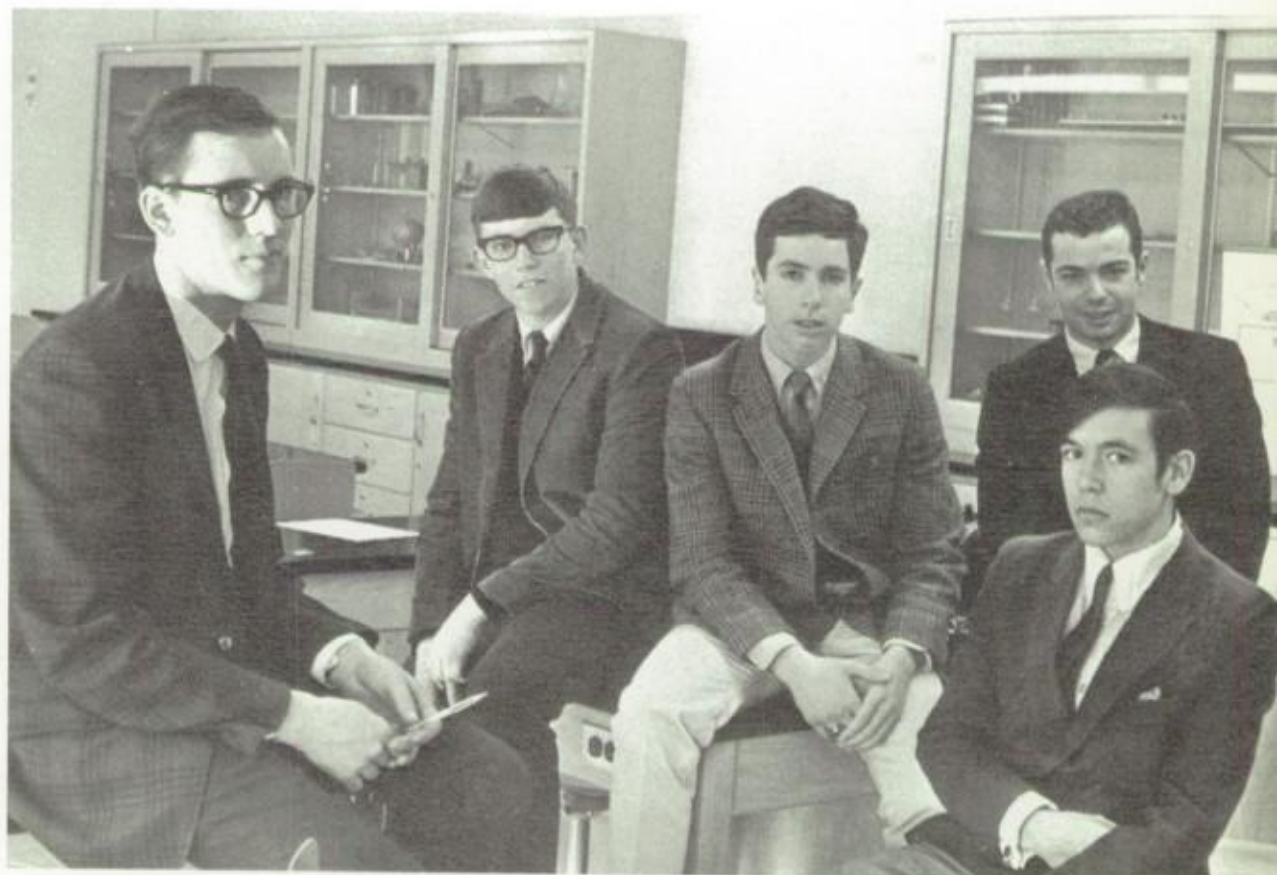

Phil Castiglione, Joe DiProspero, Mike Cristiani and Joe Anclien are a few fortunate members of U.C.'s car washing union.

STUDENTS FOR CHRISTIAN ACTION

The Student Christian Action group, which was instituted three years ago, is an organization which allows the students of U.C. to go beyond the doors of academic achievement, and further themselves by trying to understand social and economic problems. The boys seek to aid the underprivileged.

Under Brother Patrick, the moderator, the group was able to sponsor a "Car Wash". The proceeds of \$100.00 were sent to the Biafran Refugees.

A "Christmas Food Drive" was held and the resulting money and food was sent to the Mt. Carmel Guild to aid others. Four hundred pounds of food were bought with the money from the Drive and this was sent on The Biafran Christmas Ship for the sick and homeless abroad.

Front Row: Bob Elliott, Chris Monroe, Joe Marcino, James Fleming, Rich Maggi. Middle Row: James Mason, Paul Iarussi, George Markowitz, Bill Madden, Don Faulkner. Back Row: John Kelleman, Rick Kelly, Greg Goosens, Herb Heilman, Ed Nolan.

During a student's senior year, Union Catholic recognizes those who have excellent records by enrolling them in the National Honor Society. To be so honored is a privilege. This year forty-nine seniors have been granted membership in the organization. Each of them has a composite average of at least 85% for their four years at Union Catholic.

Front Row: Jim Skiba, Tom Ritter, Bob Pudlak, Jack Tarantin, Bob Willard. Back Row: Bob Plucienik, Mike Riordan, Dave Woods, John Wyrrough, Rich Wright, Tom Perrucci.

PHOTOGRAPHY CLUB

During its second year of development, the Photography Club had an expanded membership. Under the supervision of Brother Vincent Kenny (better known as Br. Vincent Kodak), the members handled the photo taking and developing process of all student activities appearing in the Newspaper and the Yearbook.

Kneeling: Mike Maggio, Dennis Ryan, Wayne Church, John Getchis. Standing: Mike Tiknis, Dennis Fojtlin, Brother Vincent Kenny—Moderator, Richard Wieser, Richard Wagenhoffer, Charles Keweshan.

Senior Members—Standing: Glen Keil, Gerry Dodman, Lynn Elsdon, Anne Marie Dupuis, and Mike Cristiani. Seated: Mary Ellen Baureis, Patti Bufo, and Tom Cristiani.

In their second year of co-educational membership, the Dramatics Club, moderated by Sister Elizabeth Thomas, centered their activities around inter-school competition. The Junior-Senior Competition Plays in late November afforded the members the opportunity to produce and direct their own performances. The Senior members, with their play "Bobby Sox", captured the first trophy by defeating the Junior members and their version of "The Uninvited Ghost."

Junior Members — Standing: Mary Francois, Pauline Foley, and Claudia Ferraro. Kneeling: Debbie Newman, Anne Hake, and Sheila McPhillips. Front: Charles Hausheer.

GLEE CLUB

Under the direction of Sister Mary Immaculate, the Glee Club once again performed in two concerts: Christmas and Spring. For each event the members spent long afternoons in preparation. The Union Catholic choristers deserve a great deal of credit for their musical efforts.

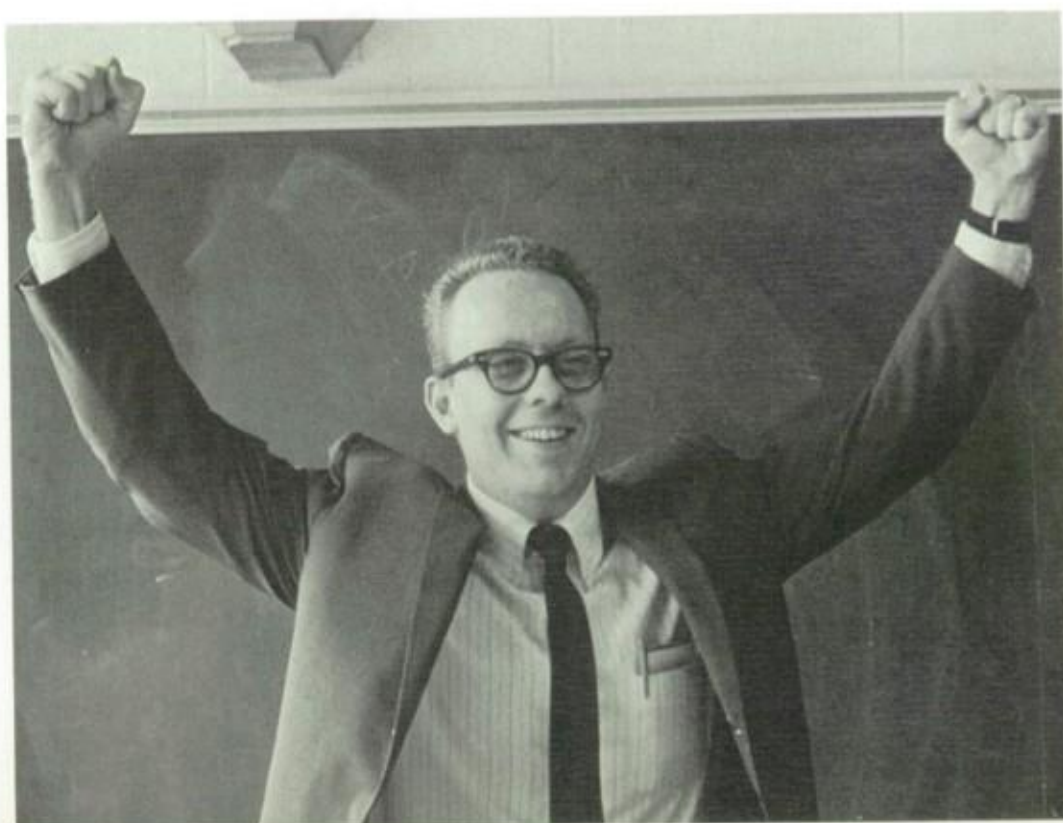

Moderator—Sister Mary Immaculate, O.P.

FUTURE TEACHERS CLUB

The purpose of this club was to allow any student the opportunity to look into the field of teaching and investigate the various educational requirements of a teacher. Guest speakers lectured to the club members as well as faculty members of Union Catholic. Trips to nearby colleges were also conducted.

Scott Keil, Mike Farrell, John Pellicone, Bill Allen, Mr. Goddard—Moderator, John Carlo, and Jim Skiba.

MATH TEAM

Standing: Br. James, Moderator; Rich Maggi, Rick Kelly, Tom Ritter, Mike Byrne, and Steve Alessi.

The Math Team, under the direction of Brother James, provided an outlet for the mathematical skills of the students at Union Catholic. Matching their abilities with other schools through tests and competition, the members were given the opportunity to express their knowledge of math and question principles

they did not fully understand.

Throughout the course of the year informative discussions were engaged in as students lectured on the research they had done in the fields of mathematics and science.

Pete Piersa, Greg Gervasio, Bill Connor, Alan Brown, and Paul Foley.

Standing: Jim Booth, Mike Farrell—Co-Captain, Jim Kiger, and Kevin McGrath—Co-Captain. Kneeling: John Pellicone, John Terry, and Ralph Barone.

OVAL TEAM

This year marked the birth of a new club for the purpose of increasing school spirit. The Oval Team, as it is called, had a successful debut as it sparked the basketball team on to many victories. The Oval Team led the cheering at both home and away varsity basketball games and also spent a great deal of time in publicizing and announcing the games. In the future this club hopes to broaden its scope by supporting other athletic programs at Union Catholic.

SCIENCE CLUB

"Well, Fred, you can't take everything for granite."

Brother Raoul, along with a group of ambitious students explored the realms of biology, chemistry, and physics in an attempt to mold a successful and enlightening Science Club. Individual efforts reflected by painstaking experiments demonstrated to each member the qualitative and quantitative aspects of scientific exploration. With the equipment available to them, the members were given a choice from a broad range of topics and they decided in which areas they wanted to explore. However an enjoyable atmosphere always prevailed thanks to the incisive wit of Brother Raoul.

OMEGA

The purpose of the World Affairs Club is simply an inquiry into the broad underlying issues in current world affairs, as they relate to the individual and the society in which he lives. During the course of the year this goal was achieved through intellectual discussions on such related topics as Vietnam, the Mid East Crisis, and the Presidential elections.

Bill Campbell, Dennis Fojtlan, Calvin Maestro, Alfred Campion, Pat Moffitt, Ed Brennan.

Organized under the direction of Mr. Zehnle, the newly formed Rifle and Pistol Club, sought to offer its members a chance to follow their interests in marksmanship. The members were fortunate to make several field trips and viewed numerous audio-visual aids on the sport of marksmanship.

Dennis Fojtlan, Bill Dosch, Jim Craven, Bill Zimmerman, Dennis McCarthy, and Calvin Maestro.

CHESS CLUB

The Chess Club strengthened and stimulated the interest of its active members, while at the same time provided them with a keen sense of competition. This club was basically an intramural activity culminating in an Invitational Chess Meet at St. Benedict's Prep in Newark. In the future, the Chess Club hopes to develop into an interscholastic team, representing U.C. at dual and invitational meets.

"All the King's horses and all the King's men..."

The Guitar Club was organized to provide interested students with the opportunity to join with others who enjoy playing, singing, or listening to folk and folk-rock songs and music. Students at first were surprised to hear pleasant soprano and alto voices, but this refreshing change was a result of the now co-educational Guitar Club, which was opened to the Girl's School this year.

During a typical weekly meeting, one may hear original songs, see songs being composed, arranged, or simply hear the sometimes familiar strains of a popular (or not so popular) melody. From time to time, members participate in assembly or after school programs for the enjoyment of the student body.

The Mystery of the Harlem Stuffer

"Who spiked the pineapple juice?"

The Parents Guild of Union Catholic Boys High School essentially afforded an opportunity for the parents to meet on a social basis. To accomplish this goal, a family picnic in the early fall and several dances throughout the year were held for their enjoyment.

This year, as in the past, the Parents Guild endeavored to be of financial assistance to the school by sponsoring the Harlem Wizards show and a raffle. The proceeds of both these functions will enable us to improve our athletic facilities in the area of track and soccer.

Union Catholic is indeed blessed with generous, devoted and loyal parents and we are especially grateful to all of them.

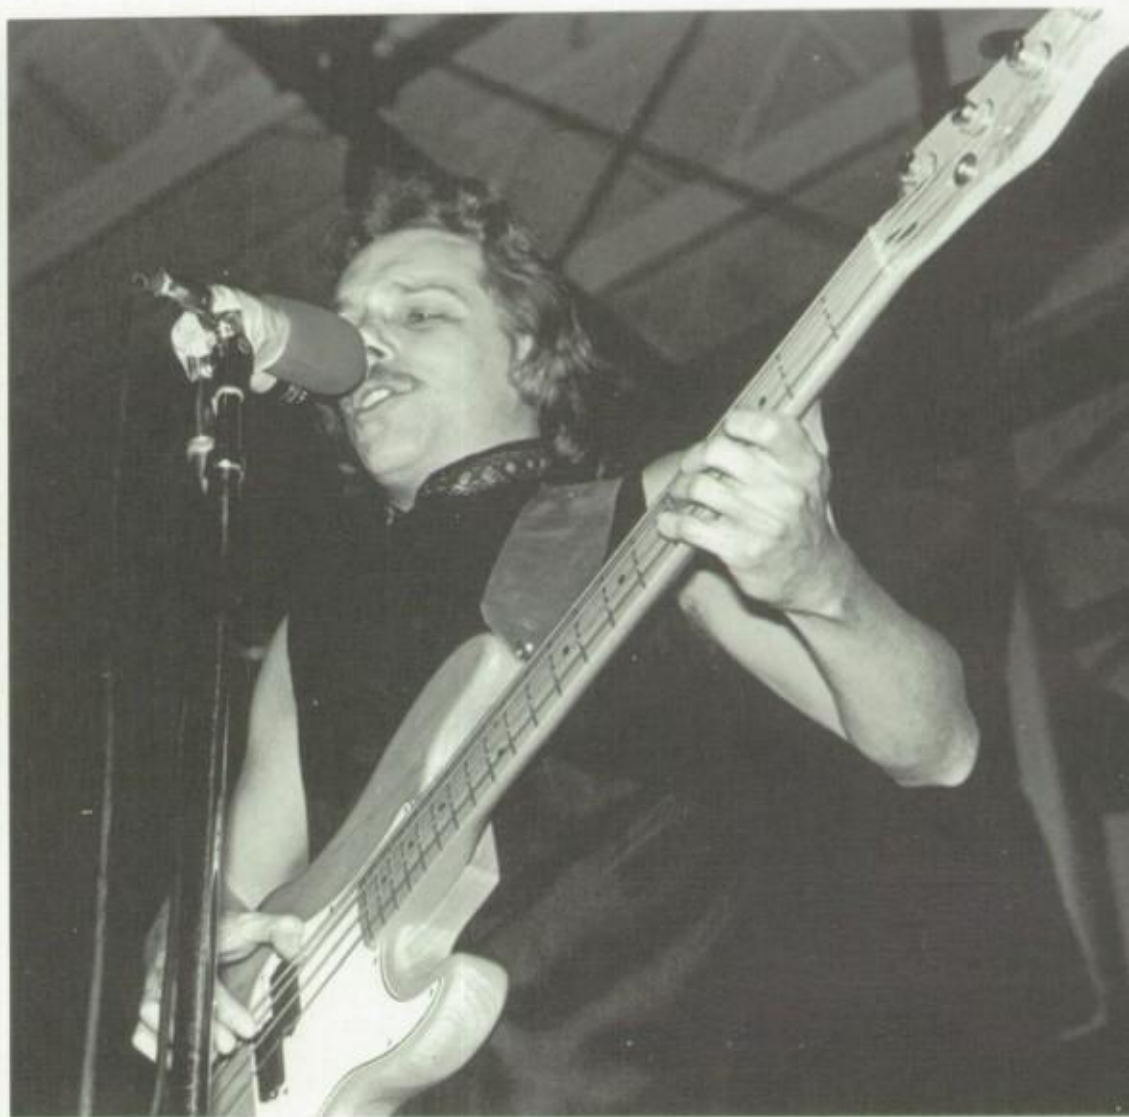

CONCERTS

On November 25, 1968, Union Catholic's second concert season opened with the presentation of the Vanilla Fudge. The group performed to an enthusiastic audience with the ability that earned them nationwide recognition. This concert marked the scoring of another first for U.C., as the Fudge recorded their live performance for an upcoming album.

Honoring the new trend in popular music, U.C.'s second concert featured the dynamic Blood, Sweat, and Tears. They performed to a packed house and proved to be an even greater success to the delight of rock and jazz music enthusiasts.

LANGUAGE CLUB

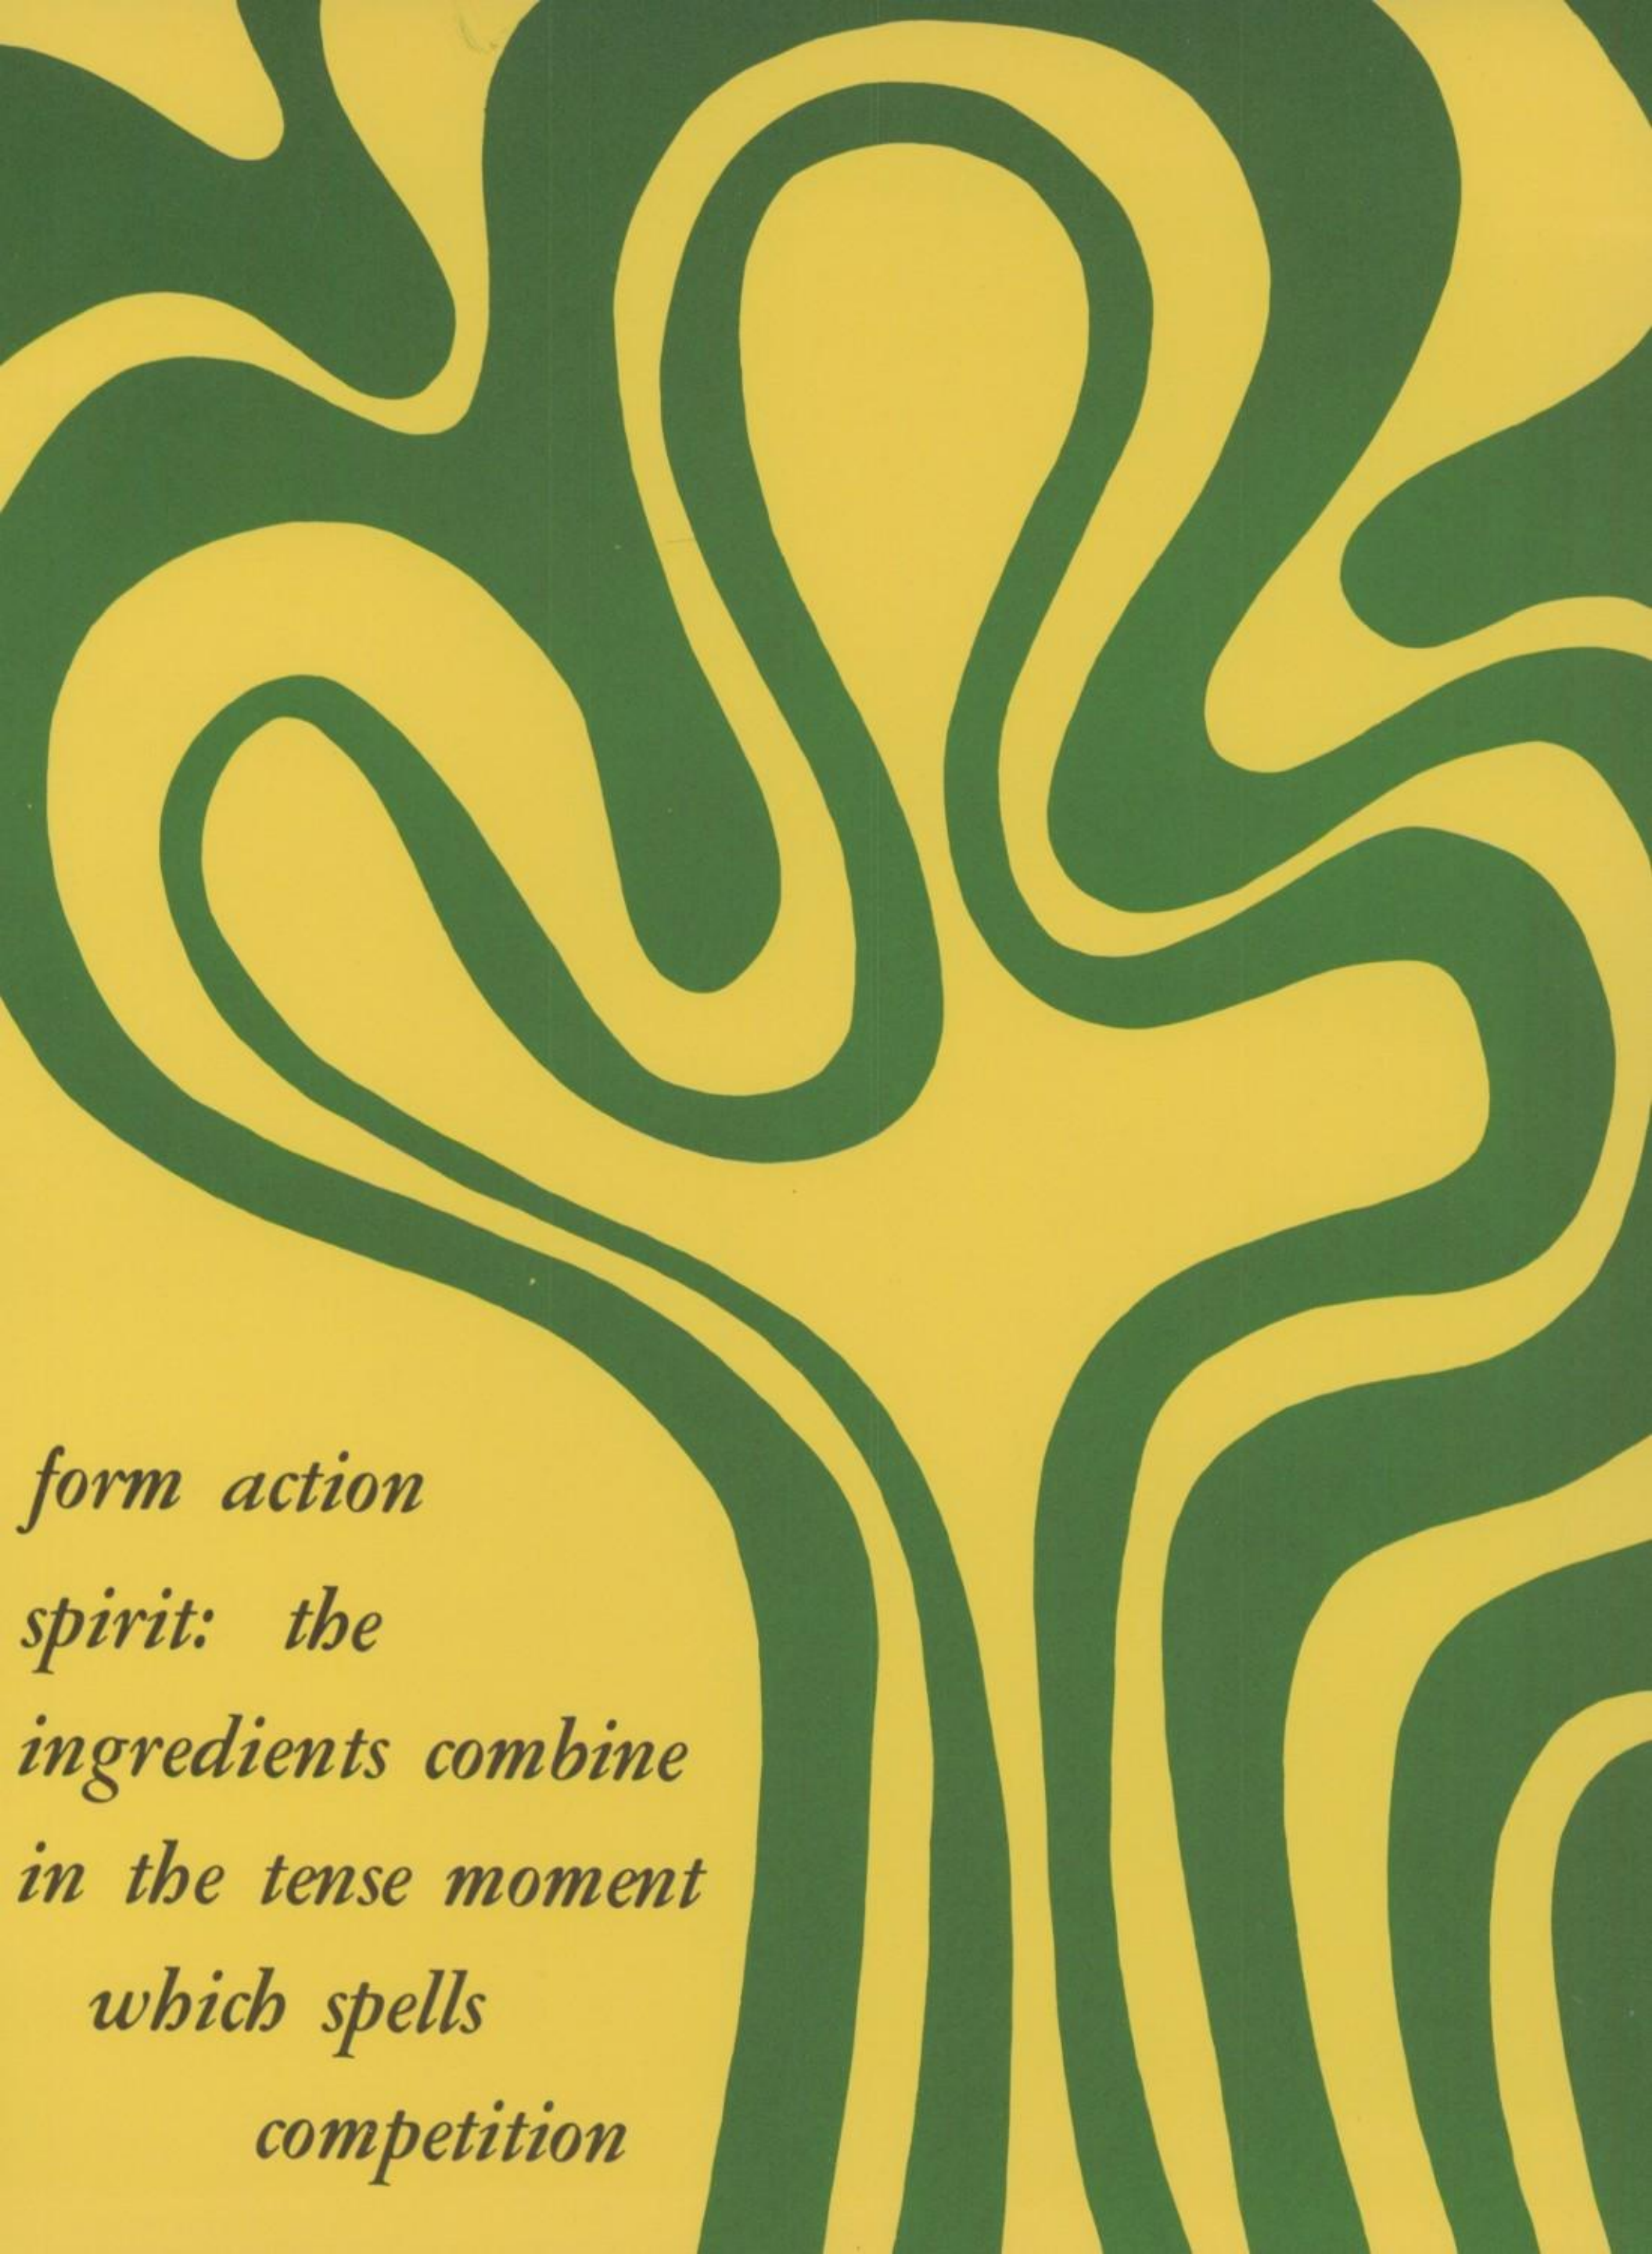

John Nees, John Carlo, Dan Bender, Bill Allen, Scott Keil, Mr. Goddard—French Moderator, Frank Petranich, Chris Weeks, Mr. Zehnle—Spanish Moderator.

The goal of the Language Club was to further investigate the customs and culture of various foreign countries, the languages of which are taught at Union Catholic.

The atmosphere of the meetings was informal with discussions, films, records, and guests speakers. The language club had two main divisions: Spanish and French-German. The club traveled to various cultural points of interest in the area and attended different plays.

CROSS COUNTRY

U.C. off to another good start.

Although this year's Union Catholic cross country team was small, it generated a great deal of spirit. It achieved a winning season with a dual meet record of seven wins and six losses. The team was very successful in the State Championship, taking seventh place, and once again placing in the C Division of the Eastern States Championships. Heading the team were Juniors Bill Siebien and Tom Gere. Senior members of the team were Rich Maggi, Paul Dillon, and Chris Monroe.

Would you believe ballet lessons?

Long practices and determination showed little merit for the Soccer team this year. The final statistics were 1 win, 9 losses, and 4 ties; the lone triumph being over Marist High School. Many factors contributed to the poor record; the most damaging being a series of injuries to key players. Perhaps the greatest single blow was losing a 1-0 squeaker to Roselle Catholic early in the season.

The mainstays of the team were Jim Mariucci on offense, and George DeLucca on defense. A redemptive season is looked forward to next year by Coach Polombo.

I'll take you on!

This year Union Catholic Varsity Basketball Team completed its most successful season, posting a 13-10 record. Led by Seniors Mike Allocco, Gene Kutcher and Jim Graessle, the team tallied many upsets, the biggest being the defeat of previously unbeaten St. Mary's of Elizabeth. This year also brought our first victory over arch-rival, Roselle Catholic. A strong showing in the Hillside Christmas Tournament gave us a second place finish, losing a heartbreaker to South Side in the final.

This year's success was largely due to the spectacular play of Mike Allocco. The Big "A" finished the season and his career setting three school records, high game—36 points, high season total—512 points, high career total—937 points.

Congratulations to Mr. Moffit and the team on its excellent season.

BOWLING

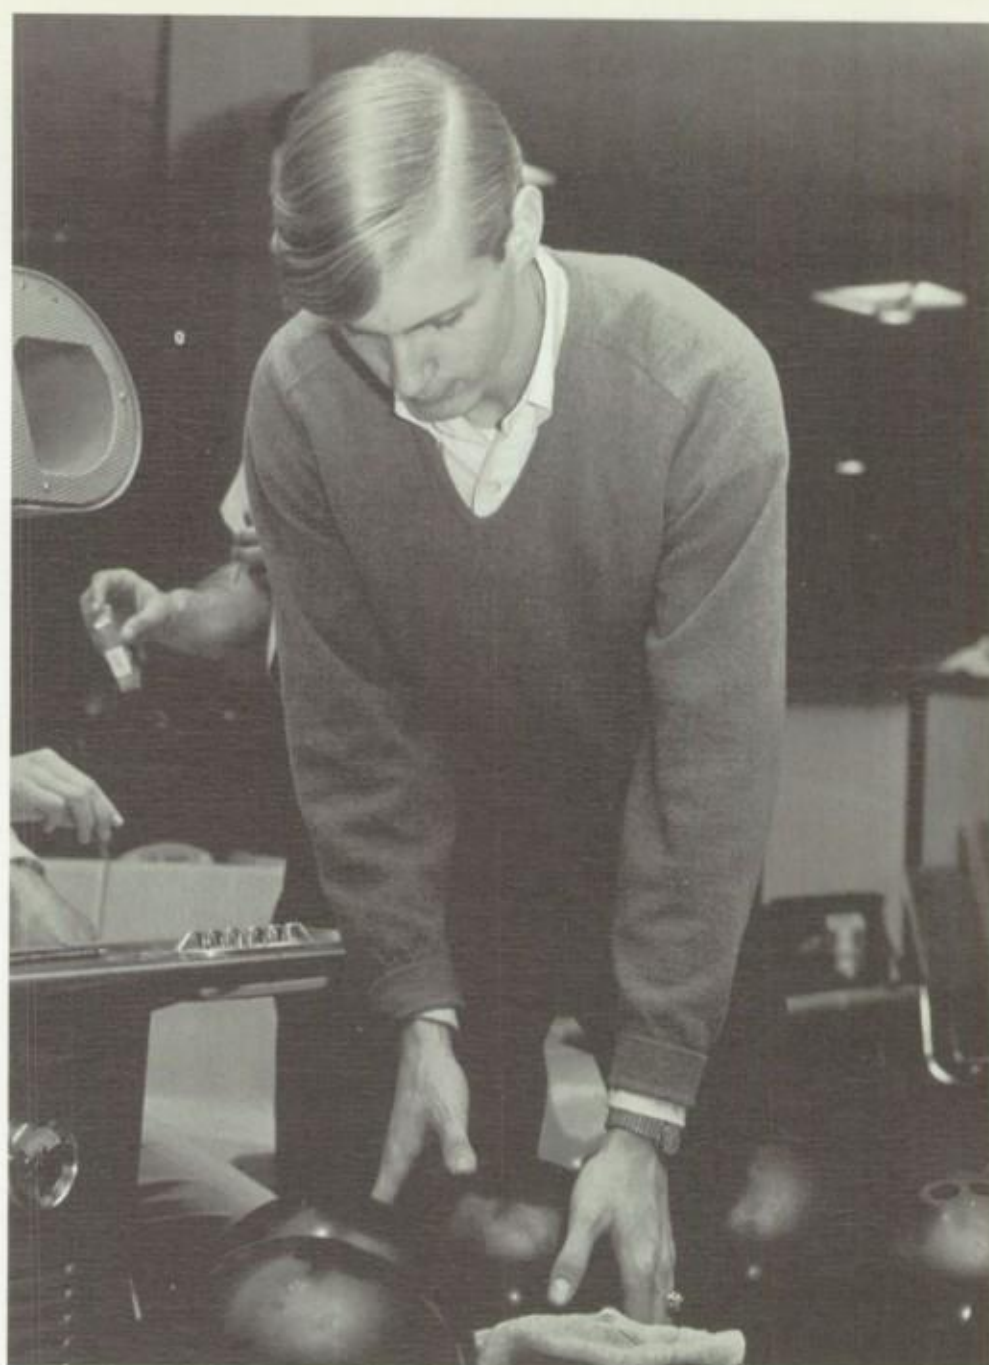

The second year of Union Catholic's Bowling team posted a record of 9-3. The team placed second in a seven team conference, having tied for first, but lost a post-season playoff to Jefferson High School.

The team was consistently led by Larry Chonko, who maintained the high average for the team, as well as for the conference. The coach, Mr. Scaturo, was instrumental in this outstanding season, and is now looking forward to an equally good one next year.

The Indoor Track Team posted several outstanding victories this season. Leading the list was the mile relay team of seniors John Schafer and John Wyrrough, with juniors Pete Piersa and Kevin Quinn, who placed third in the Conference Relays and the State Development Meet, and second in the Hudson County C.Y.O. Meet. They set the indoor school record with a 3:27.4 at the State Development Meet. Dennis Browne, who threw the shot over 52 feet several times this year, became our best shot-putter since Chief Nuara. In the 600 yard race early in the year, John Wyrrough broke the school record, and closed the season with a victory in the Conference 440, smashing the record with a 51.4.

The hitters have power to spare and the team has a very stingy defense. The team spirit is high, and although they face a tough schedule, Union Catholic expects to have a fine year.

IN APPRECIATION

The theme of the 1969 WITNESS has been one of experience
— the experience of people working together towards
newer realizations.
— a community of the learning.

During the course of the year, the staff of the Witness has discovered the reality of this theme in the witness of all those who have contributed to its creation. We wish here to express our appreciation to these people for their help and assistance during the past year:

Brother Vincent Damian, our principal

Brother William, our moderator

Mr. John McGuire of O'Toole & Sons

Mr. DeCaro and Normandy Studios

Brother Vincent Kenny and the Photography Club

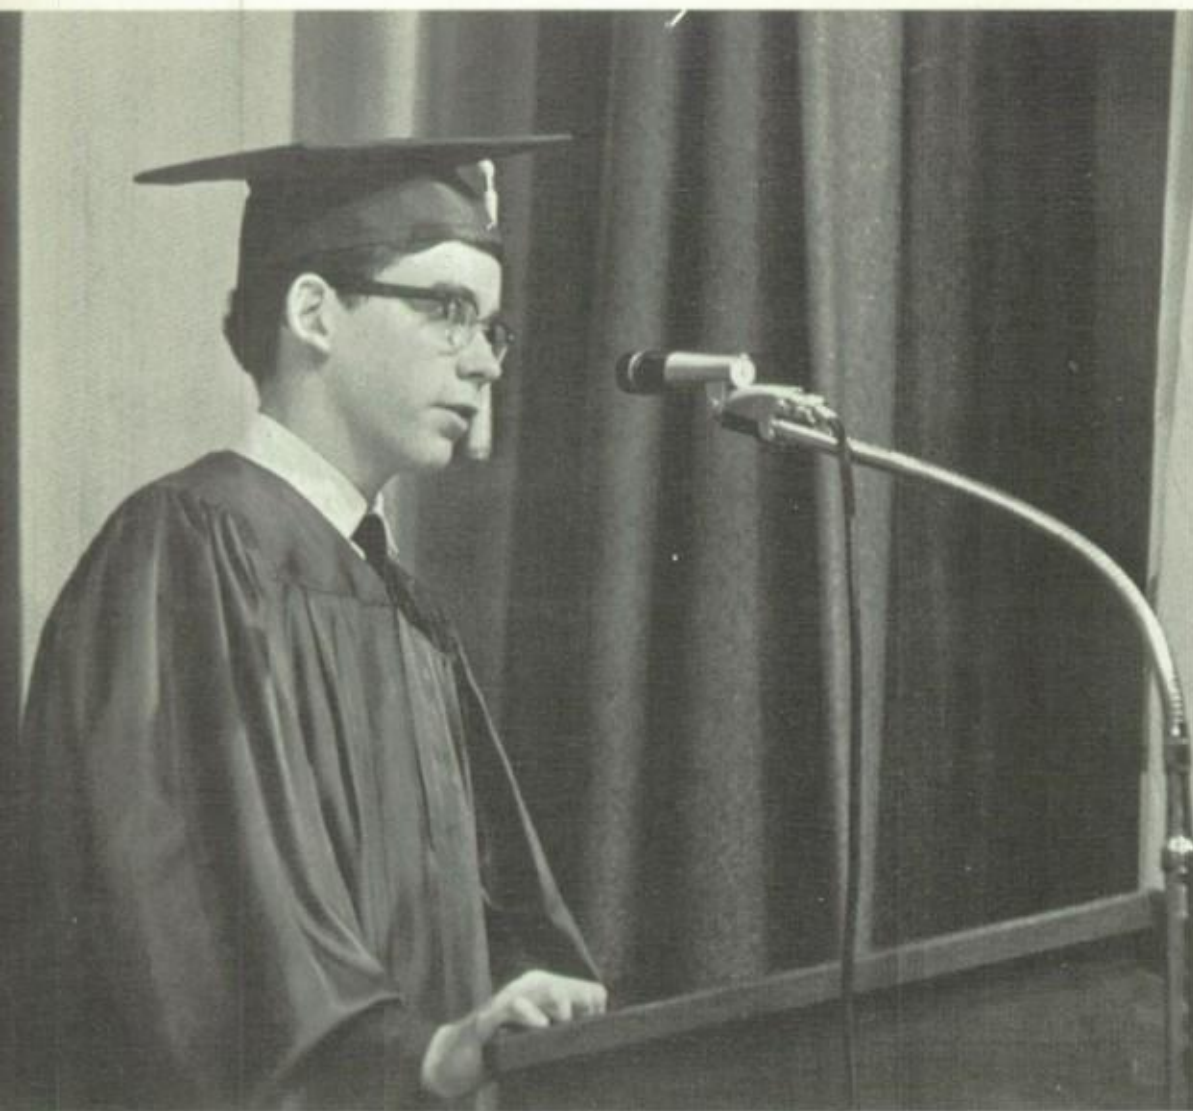

The Faculty and Student Body, whose trust and cooperation has encouraged us to produce what we hope will be a lasting and meaningful tribute to this year 1969.

The Staff of the 1969 Witness
